More wallets supporting VN
Smart Chain will enable VN pay
cross-border business to gain
more users

META Smart Chain

- META Smart Chain is an integrated DeFi public blockchain aimed at creating metaverse infrastructure with efficient performance and a sound system
- Ecosystem carrying decentralization, stablecoins, decentralized exchanges, and GameFi, for example
- Combines with NextPay's millions of users to create a metaverse ecosystem!
- META Smart Chain also relies on VNDT's digital wallet, which can greatly simplify the entry stage of DeFi. Anyone can participate in the aggregated mining of DApps on VN Smart Chain through the VNDT wallet at any time, and they can earn income by holding it, realizing inclusive finance.

Digital Payment Seamlessly Integrates Stablecoins

- Through the META Smart Chain coin minting protocol, a variety of stable coins are anchored across the chain using VNT pledges, and the exchange rate is adjusted by smart contracts
- Seamless integration of stable currency and bank Visa/Mastercard payment
- When using cryptocurrency to pay for the service, get 10% cash back and pay no annual fee

Payment + Game Publishing Ecosystem

Fundamentals of the Metaverse

- METASC will provide metaverse games with many elements such as friendship, marriage, pets, warfare, community communication, maps, and synthesis, for example, based on the virtual world of the network and blockchain
- Realize P2E through tasks, characters and equipment PVE, teaming, and character PVP, for example, to obtain game ecosystem tokens and earn NFT income
- Through the ecosystem digital wallet, it can interact with more than 100 cryptocurrencies around the world, and all merchants linked under the payment license can be used as life payment
- Adding the function of real goods on the shelves to the game to further realize the ecosystem of metaverse in-game payment, harvesting products, and enjoying services in reality

The image displays two screenshots of the METASC platform. On the left, the 'METASC NFT MARKET' interface is shown, featuring a sidebar with icons for HOME, GAMEPAD, NFT MARKET, FARM (marked as HOT), METASC NFTS, and MINING. The MINING section is highlighted with a teal background. On the right, the 'METASC GAMEPAD' interface is shown, featuring a search bar, a large purple game controller icon, and text describing the GamePad's purpose: "METASC GamePad will provide gaming developers a series of gaming pre-launch supports, such as selling unique in-game assets in the form of NFT, Farms, NFT auction and trading marketplace on METASChain". It also includes 'LEARN MORE' and 'ABOUT US' buttons.

PART 03
